The below email was sent to me from Code Compliance Officer Scott Newman pertaining to Code Case 20-2021 ,111 SE MIZNER BLVD., ONE11:

Bart,

This was a complaint from the outside. Below is my notes from case.

Saturday, June 20 1 AM in the morning. My inspection found that they were barstools at the bar, this business being operated as a nightclub. According to the business tax this business is listed as a restaurant/bar this business is not a nightclub. My inspection also found rear exit door locked while business was occupied. I spoke with the owner and advised him that he was not a nightclub and he would have to put in a change to be a nightclub. I also advised him he needs to put in a push lock on that door if you want to keep the door closed.

I will be sending them a notice of violation today.

On 7/9/20 at approximately 2145 hours, I responded to A Stroke of Genius Tattoo Shop located at 285 E Palmetto Park Rd in reference to an anonymous complaint that there was a large party outside the store and subjects were not wearing masks. I checked the area and I did not observe any patrons standing outside without masks. I made contact with staff who advised that they were not having a party, patrons were abiding by CDC's recommendations and were wearing face masks. I advised staff of the ordinances surrounding COVID compliance and referred them to the COVID Education Compliance Team for further information.

On July 11, 2020, I was on uniform patrol in marked police vehicle for the City of Boca Raton Police Services Department assigned as Unit B30. At approximately 2248 hours, I was dispatched to Hijinks Sports Grill at 133 SE Mizner Blvd. in reference to a complaint from Code Enforcement Officer Scott Newman.

Upon arrival, I met with Newman. Newman advised the establishment was not only over capacity with regard to COVID-19 Emergency Order violations but also over capacity relative to normal 100% capacity standards. Newman stated there were also social distancing violations visible on the patio/outdoor bar area. Newman requested a BRPD supervisor on scene in case the bar needed to be shut down.

Sgt. K. Green was on scene and aware of the incident. Sgt. Green advised the Fire Department was notified and we would remain on standby until released by Code Enforcement or BRFR if they arrived.

The owners of the establishment, Timothy Schenden and Robert Winters, came outside to speak with Sgt. Green. I activated my body worn camera. They advised Code Enforcement made them aware of the violations and they were working on closing tabs and clearing the building.

At approximately 2245 hours, Code Enforcement Officer Newman determined the establishment had been cleared out enough to be at or near compliance with the Emergency Orders and BRPD was no longer needed. BRPD units left the scene.

Nothing further to report.

Boca Code 20-2349 / 6000 W. Glades Road (Town Center Mall)

Update close case

July 8, 2020. I spoke to mall security manager and they advised me that each entrance to the mall has signs and masks available for all customers. The sign does say masks are required and mandatory. He also advised me that the security officers also have spare masks if someone is walking in the mall with no mask. Based on this information I will close out the city code case and let the mall handle.

On 07/17/20, The Palm Beach County Covid Task Force conducted various checks throughout the city to assure businesses were abiding by Covid regulations that were issued in the County Administrative Order. I acted as the liaison representing the City of Boca Raton for the Task Force at the following places:

Whistle Stop (499 NE Spanish River Blvd), Duck Tavern (5903 N Federal Hwy), Ash Cigar Bar (3360 N Federal Hwy), Crazy Uncle Mike's (6450 N Federal Hwy), Rocco's Tacos (5150 Town Center Circle), Nippers (21069 Military Trl), Hooters (2240 NW 19th St.), Tap 42 (5150 Town Center Circle), Sushi Masa & Thai Cuisine (2240 NW 19th St.) and Casa de Montecristo Prime Cigar Bar (2240 NW 19th St.).

Every business noted above explained what safety precautions are being used inside/outside of the establishment and how they are following the Covid regulations set forth by the County. The Task Force then provided extra educations to the businesses.

Casa de Montecristo Prime Cigar Bar (2240 NW 19th St.) was in direct violation of the County Administrative Order due to the fact they did not have a food and beverage license. Due to not having that license, the business was operating as a bar and lounge. The patrons were asked to leave, and the business closed for the night.

The Task Force concluded the operation at approximately midnight. Nothing further.

Hey Scott,

I finished typing up a fire department report in reference to the Black Rose Irish Pub. I just need those pics you took and I can attach them to my report. Now you will have a fire report to go with your report in the event you need them for a magistrate hearing.

I couldn't generate a HiJinx report because I didn't actually go there and dispatch only generated me an alarm number for the black rose.

Have a good rest of your weekend,

Subject: Back Rose Irish Pub

Hey Scott,

I finished typing up a fire department report in reference to the Black Rose Irish Pub. I just need those pics you took and I can attach them to my report. Now you will have a fire report to go with your report in the event you need them for a magistrate hearing.

I couldn't generate a HiJinx report because I didn't actually go there and dispatch only generated me an alarm number for the black rose.

Have a good rest of your weekend,

Bart,

This was a complaint from the outside. Below is my notes from case.

Saturday, June 20 1 AM in the morning. My inspection found that they were barstools at the bar, this business being operated as a nightclub. According to the business tax this business is listed as a restaurant/bar this business is not a nightclub. My inspection also found rear exit door locked while business was occupied. I spoke with the owner and advised him that he was not a nightclub and he would have to put in a change to be a nightclub. I also advised him he needs to put in a push lock on that door if you want to keep the door closed.

I will be sending them a notice of violation today.

Updated case.

July 11, 2020. My inspection at 8:45 PM found no social distancing, room was over 50% occupied, no social social distancing outside. Spoke to the owners I told him that we need to try to bring the number down. I will do another inspection later on tonight.

we went back later in the night and found the business at over 100% of capacity. At that point I called the fire marshall out and contacted PD to stand by. Spoke with the owners and they started closing down the business to remove all the people. Removed over 75% of the business people and at that time in complaine. PD also made a report.

Doug,

On Saturday night we got called about overcrowding and nobody wearing masks at Hijinks sports bar. At 748 pm officer Acevedo went there and found about 65 patrons at the business and advised management to keeps tables spaced out.

2nd call I responding at 845pm and found the entire patio filled and well over 50% inside the business. I advised the owner he needs to bring the number down

3rd call about 1000 pm I found the interior at over capacity above the number allowed with 100% and the exterior still full. At this point I advised the owner that he was in violation of not just Covid19 issues but the fact there were too many people in the bar. At that point he started to kick people out of the inside area and closing out tabs. I contacted Matt Welhaf and Rob Cervi the fire inspector. I called Boca PD in the case we had to shut down the business when Rob arrived.

The owners where aware this was out of control and started closing out all tabs and shutting off TV`s We stood by while the place emptied.

On July 28, 2020, I was on unifrom patrol in a marked police vehicle for the City of Boca Raton Police Services Department assigned as Unit B30. At approximately 2152 hours, I was dispatched to Al-Reef Hookah & Grill at 99 SE Mizner Blvd. in reference to an anonymous complainant stating there were too many people at the establishment.

Code Enforcement was already on scene upon my arrival. Code Enforcement advised they did not observe any violations of the Covid-19 Emergency Orders but did find the establishment to be in violation of the City noise ordinance. Code Enforcement Officer Derek Corcoran cited the business owner, Kathy Kianfar, for the noise violation and advised Code Enforcement would be writing a supplemental report under their case number, 19-5513.

No police action needed as no violations were observed by BRPD units on scene. Nothing further to report.

Code Case 2020-1505 / 99 SE MIZNER BLVD Suite 116 (Al-Reef Hookah & Reef):

Bart this is actually a ongoing case this is update

July 29, 2020. I was dispatched by police to a loud gathering at this location. Upon my arrival I went is close to 55 to 60 motorcycles parked along the roadway. All the bikers we`re hanging out by the bikes and inside the area of the business. I requested a shift supervisor from PD and a few units to clear the street. I spoke with the organizer of the event who advised me they made contact with the owner and she was aware of them coming here. She denied that to an officer on their arrival. With the help of PD all parties left with no issue.

At approximately 9:30 PM I met at this location with the Palm Beach County Covid task force. She was issued a written warning that she only can be a restaurant and not a hookah lounge. We will do a reinspection on this property tomorrow night.

New complaint and closed

Complaint-Time Stamp: 07/30/2020 11:16 AM
Coaches are wearing masks, but paying child gymnasts who
required to attend 4 days per week to maintain their place
on the team are not allowed to wear masks while using the
indoor equipment. I have reached out to the covid pbc
hotline at least 30 timesa without reply and when I finally
texted Twisters, they cross-referenced my phone number and
humiliated my daughter and made it clear my granddaughter
would know about it as well.

Update

August 1, 2020. Based on the signs outside the business
requiring masks to enter. Palm Beach County does not
require masks to be worn while working out. As long as
social distance is in force. Based on the information and
the information provided on the front door they are in
compliance with the COVID-19 requirements.

August 6, 2020. I have been dispatched to this location for the second time tonight. The complainant call the first time at about 7:30 PM complaining about loud music. I was unable to hear any music coming from this location. It also should be noted that when I did come out here it was not a single person other than the owner at this location. This is an ongoing situation With complaints To be unfounded. At approximately 10 PM received another call that the worker was not wearing a face mask. PD and myself read this location and do not see any violations at this time. Again this is an ongoing complaint

Bart this is actually a ongoing case this is update

July 29, 2020. I was dispatched by police to a loud gathering at this location. Upon my arrival I went is close to 55 to 60 motorcycles parked along the roadway. All the bikers we`re hanging out by the bikes and inside the area of the business. I requested a shift supervisor from PD and a few units to clear the street. I spoke with the organizer of the event who advised me they made contact with the owner and she was aware of them coming here. She denied that to an officer on their arrival. With the help of PD all parties left with no issue.

At approximately 9:30 PM I met at this location with the Palm Beach County Covid task force. She was issued a written warning that she only can be a restaurant and not a hookah lounge. We will do a reinspection on this property tomorrow night.

August 7, 2020. My inspection found all the employees are social distancing and wearing masks. It should also be noted that the owner has posted signs no mask no work on both bay doors. He also showed me a machine that cleanses the car is after they work in them. In my opinion this business is going above and beyond for COVID-19 compliance. The below email was sent to me from Code Compliance Officer Scott Newman

On Friday night the Palm Beach County COVID-19 task force was in the City at 11pm.

We did all the downtown area and found everyone except One11 111 SE MIZNER BLVD in compliance with the 11pm order.

I also got a call from Police dispatch in reference to Crazy Uncle Mikes 6450 N FEDERAL HWY with a lot of cars in the parking lot.

Officer Corcoran went down there and found people still inside the bar area and drinking. He advised the GM that people need to leave and was given some kickback from the GM.

They were in non-compliance with 2020-015.

I will go out there today and speak with Mike about the GM response.

New case 331 PLAZA REAL MIZNER PARK LE MACARON

Time Stamp: 08/17/2020 01:21 PM

Le Macaron located at Mizner Park has a sign that says are required. Despite this they were allowing a customer in the store without any mask on or nearby. I asked him to put on a mask and he ignore me. When I asked the sales lady to enforce the store`s rule, and the law, she said she was too busy and she was also wearing her mask below her nose and said she was too busy. She was also serving customer without a mask and I did not see her washing her hands between customer. In fact, Mizner park was filled with people not wearing masks.

Update

August 17, 2020. I sat out in front of the business and watch people into the business and leave the business and seeing everybody wearing a mask it was not eating. Also the employees inside the business are all wearing masks. We need to keep in mind that once they are outside the business and socially distance no mask are required under the COVID-19 guidelines on the Palm Beach County order.

This incident was captured on my MVR and marked as evidence.

On August 23, 2020, Officer Fowler and I responded to The Standard, located at 187 SE Mizner Blvd, after an anonymous caller said they were in violation of the Covid-19 safe distance rules.

On arrival, I noted there were many people standing and sitting at tables and in groups that were not in compliance with the safe distance standards. Some with and without masks. I spoke to Nicolas Martinez and his cousin Ryan Martinez who advised they own the business. They advised they opened two weeks ago. I explained it appeared they were not in compliance and code enforcement will be notified and will respond for further guidance.

Code Enforcement Officer Deiner Lobo arrived and advised Brian Giampa who owns The Standard and is also the owner of O'Brian's Irish Pub, located at 51 SE 1st Ave. Code Enforcement has met with Giampa on other occasions with reference to safe distance violations. Lobo and I spoke with Giampa.

I spoke with Code Enforcement Officer Scott Newman. He will review the video and proceed with the appropriate actions.

New Case 297 E PALMETTO PARK RD REBEL HOUSE

September 12, 2020. On my patrol I noticed rebel house on the address of 297 E. Palmetto Park Rd. at patrons still inside the bar and inside on tables. I went inside the business I spoke to the manager and advised him of the Palm Beach County ordinance for COVID-19 requiring bars to close at midnight. He claims he was unaware that they had to leave I issued him a verbal warning and advise them that they must vacate the property at midnight. I also advised him the new rules under phase 2 of the county ordinance.

Update 499 S federal Hwy LOCALE

September 13, 2020. At 12:24 am I noticed locale located at 499 South Federal Highway was open with many occupants inside the business or not social distancing or not wearing masks. This is not the first time I've been out here for after hours party and they have been sited by the county on the past. I advise the manager that I will be turning this over to the Palm Beach County task force to set up for a hearing for violation of the COVID-19 guidelines.
